WORKSHOP ON ACADEMIC INTEGRITY SELF-EVALUATION TOOLS

Inga Gaižauskaitė | Marco Cosentino | Irene Glendinning | Tomáš Foltýnek
| Franca Marino | Salim Razi | Laura Ribeiro | Shivadas Sivasubramaniam

Supported by the Erasmus+
Strategic Partnerships project
2016-1-CZ01-KA203-023949.

Self-Evaluation Tools Working Group

- Inga GAIŽAUSKAITĖ, Lithuanian Social Research Centre, Lithuania
- Marco COSENTINO, University of Insubria, Italy
- Irene GLENDINNING, Coventry University, United Kingdom
- Tomáš FOLTÝNEK, Mendel University in Brno, Czech Republic
- Franca MARINO, University of Insubria, Italy
- Salim RAZI, Canakkale Onsekiz Mart University, Turkey
- Laura RIBEIRO, University of Porto, Portugal
- Shivadas SIVASUBRAMANIAM, University of Derby, United Kingdom

Aim and content of the workshop

The aim of the workshop:

to collect informed feedback from workshop participants

Content of the workshop:

- ✓ Short introduction to the tools
- ✓ Moderated discussions with participants
- ✓ Concluding remarks and Q&A's

Background information

- Contemporary challenge faced by many HEIs: promoting and maintaining academic integrity
- Need for effective means to regularly monitor and reflect on institutional approaches to academic integrity

- Working group of European Network for Academic Integrity (ENAI)

A set of on-line Academic Integrity Self-Evaluation Tools (AISETs) designed to explore the status of academic integrity at institutional level and for individual members of the higher education community

Process of development of the tools

European Network
for Academic
Integrity

- An international interdisciplinary team
 - A review of existing academic integrity survey tools
 - A review of relevant literature
 - The experience of team members
 - Thorough and iterative process of refinement
-
- 2016-2019 under the project of ENAI (supported by the Erasmus+ Strategic Partnerships project 2016-1-CZ01-KA203-023949)
 - 2019-currently Working group of ENAI

The set of tools

European Network
for Academic
Integrity

Four on-line questionnaires for different target groups

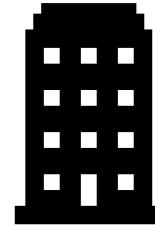

STUDENTS

TEACHERS

RESEARCHERS

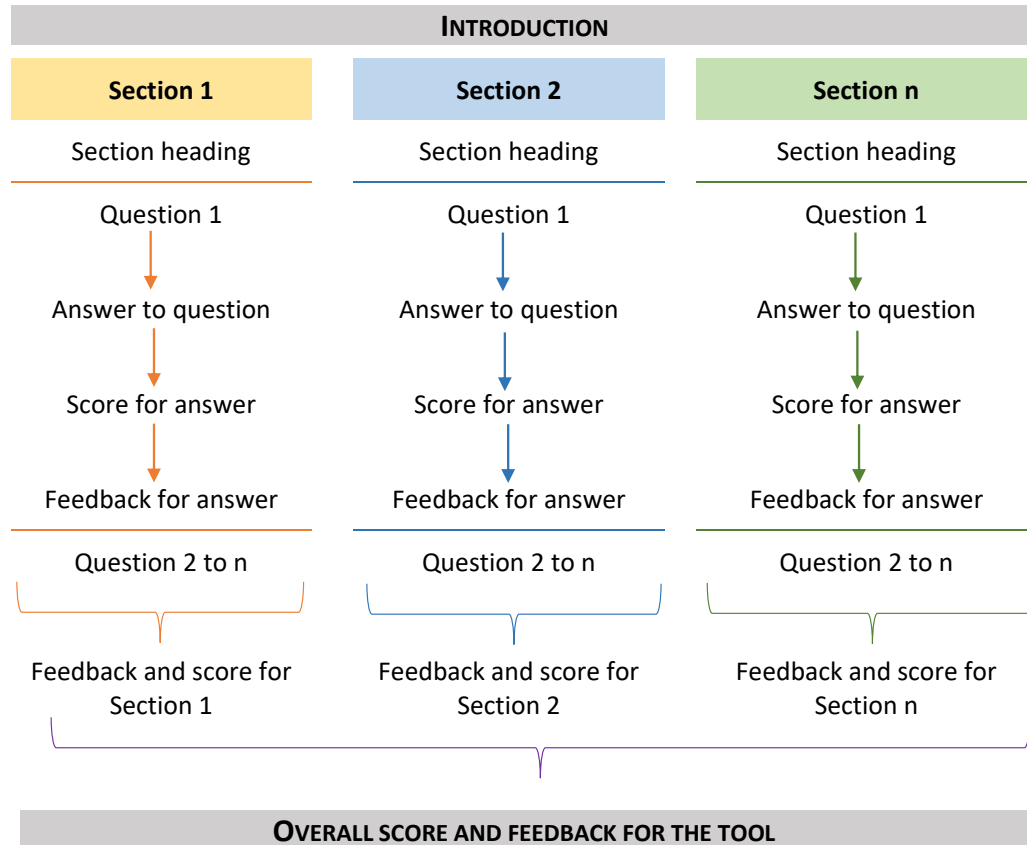

INSTITUTIONS

- The tools for students, teachers and researchers are intended for individual use and give personal feedback
- The institutional tool is designed to evaluate the approach to academic integrity across the whole institution, based on responses, ideally provided by an institutional leader familiar with the institutional strategy and policies

Structure of each tool

European Network
for Academic
Integrity

Academic Integrity Self-Evaluation Tool for Students (AISETS)

Study skills

Academic writing

Plagiarism

Academic Integrity Self-Evaluation Tool for Teachers (AISETT)

Approach to teaching and student motivation

Interaction with students and guidance about integrity

Awareness of institutional policies

Dealing with student dishonesty

Knowledge and skills about plagiarism and academic writing

Academic Integrity Self-Evaluation Tool for Researchers (AISETR)

Policies and practices

Questionable research practices

Reporting and publication

Commitment to responsible conduct of research

Academic Integrity Self-Evaluation Tool for Institutions: Scorecard for Academic Integrity Development (SAID)

- ✓ Institutional governance and strategic commitment towards academic integrity
- ✓ Policies, sanctions and procedures for academic integrity
- ✓ Engagement and buy-in for deterring academic misconduct
- ✓ Institutional culture of integrity and appreciating the value of learning
- ✓ The role of students in academic integrity
- ✓ Transparency and communication
- ✓ Enhancement of strategy, policies, procedures and systems
- ✓ Institutional engagement with research and development on academic integrity

Feedback from workshop participants

European Network
for Academic
Integrity

STEP1

Try out selected Academic Integrity Self-Evaluation Tool(s)

STEP2

Provide feedback about the Tool(s) that you have tried out
